ABOUT THE ARTIST

IAH (pronounced Aya) is an artist whose identity is built on the freedom to be fully human. With Philadelphia roots and Panamanian heritage, IAH moves beyond a single genre or expectation. Her music makes room for confidence, vulnerability and every side of the person behind the name. Through I.A.H. - I AM HUMAN and HUMAN BY DESIGN, she invites listeners to connect with what is real - without a perfect version and without a single box.
